The Floresville is an efficiently designed home with wide open spaces and separated living quarters. Coming in from a covered porch, a modest foyer leads straight into the kitchen, which features an island with a large eating bar and walk-in pantry. The kitchen flows into the dining area and family room with a wall of windows and rear exterior door to let in plenty of light. Adjacent to the dining area is the master suite, which features a large walk-in closet. Back to the foyer, two bedrooms with sizable closets and a full bathroom branch off on the right side, and a utility room and small closet are situated on the left.
